

WJE SAN ANTONIO

Solutions for the Built World

Founded in 1956, Wiss, Janney, Elstner Associates, Inc. (WJE) is an interdisciplinary engineering, architecture, and materials science firm specializing in delivering practical, innovative, and technically sound solutions across all areas of new and existing construction. WJE combines state-of-the-art laboratory and testing facilities, nationwide offices, and knowledge sharing systems to provide solutions for the built world.

OUR SERVICES

- Engineering
- Architecture
- Laboratory
- Field
- Forensics
- Design
- Fire Protection

OUR APPROACH

As materials, technologies, and structures change, our fundamental philosophy remains the same: developing better solutions based on an accurate diagnosis of each structure's unique problem.

OUR PEOPLE

With more than a dozen employees in San Antonio, more than forty in the Austin office, and more than 800 employees worldwide, WJE has the resources to respond to virtually any problem, both in Texas and nationwide. The office's engineers, architects, and materials scientists are experts in their respective fields. WJE's understanding of structural behavior and the performance of materials is enhanced by experience gained from more than 175,000 projects worldwide.

OUR RESOURCES

WJE's Austin office houses a 2,000-square-foot laboratory for performing comprehensive materials testing. The Austin Laboratory is supported by the Janney Technical Center laboratory and testing facility, located in Northbrook, Illinois. WJE San Antonio also routinely performs comprehensive constructional materials evaluations, including the full range of plastic and hardened concrete evaluation testing.
